Proposition 91	Transportation Funding. Initiative Constitutional Amendment and Statute. Prohibits retention of funds earmarked for the Transportation Investment Fund in the General Fund for use unrelated to transportation after 7/1/08. Requires repayment by 6/30/17 of transportation funds retained in the General Fund in years prior to 2007-08. Eliminates General Fund borrowing of specified transportation funds, except for cash-flow purposes (repayment required within 30 days of adoption of budget); current law allows borrowing for three years where Governor declares transfer would cause significant negative fiscal impact on governmental functions and Legislature enacts authorizing statute. Proposition 92	Community Colleges. Funding. Governance. Fees. Initiative Constitutional Amendment and Statute. Establishes in state constitution a system of independent public community college districts and Board of Governors. Generally, requires minimum levels of state funding for school districts and community college districts to be calculated separately, using different criteria and separately appropriated. Allocates 10.46 percent of current Proposition 98 school funding maintenance factor to community colleges. Sets community college fees at \$15/unit per semester; limits future fee increases. Provides formula for allocation by Legislature to community college districts that would not otherwise receive general fund revenues through community college apportionment. Reduces the total amount of time a person may serve in the state legislature from 14 years to 12 years. Allows a person to serve a total of 12 years either in the Assembly, the Senate, or a combination of both. Provides a transition period to allow current members to serve a total of 12 consecutive years in the house in which they are currently serving, regardless of any prior service in another house.
